RE: New Murray Meter Load Center Combinations

JA1020B1100S

JA2040B1200S

Valued Siemens Distributors,

The Residential Business Unit is pleased to announce 4 new Meter Load Center Combinations from Murray. These new products feature ring style meter socket, overhead feed, and factory installed main breakers.

New Item ID	Replaces	Amps	Mounting	Spaces	Circuits
JA1020B1100F	JA110AF	100	Flush	10	20
JA1020B1100S	JA110AS	100	Surface	10	20
JA2040B1200F	JA220CF	200	Flush	20	40
JA2040B1200S	JA220CS	200	Surface	20	40

The new JA1020 and JA2040 parts will replace the JA110 and JA220 parts as detailed in the table. The new products are expected to be available by September 15, 2008.

For more information on these new Murray meter combos, or to download a cut sheet, visit the Murray website at www.murrayconnect.com.

Thank you for your support.

Sincerely,

Mark Pfaller
Product Manager
